

## **Announcing the Newfield “Comprehensive Plan Inventory Report”**

The Newfield Planning Board has prepared a draft of a document we are calling the Comprehensive Plan Inventory Report. It contains a wide variety of relevant information that the committee and key volunteers assembled and will be using in part to prepare the draft Comprehensive Plan for the Town of Newfield. This document will be available on the Newfield Town website <http://townofnewfieldny.com/towngov.htm> under the Planning Board page as August 9<sup>th</sup>. This is a “working draft” that will be updated as new information on the various topics is found. The chapters to date include: Introduction, Newfield History, Agriculture, Energy, Economic Development, Transportation, Health and Safety, Public School, Housing, Water Resources, Municipal Utilities, and Natural Areas. A few printed copies will also be available for viewing at the Town Library and the Town Hall. All citizens are encouraged to read through the document to obtain factual information on various aspects that comprise the town of Newfield today.

The committee will also be mailing out a survey to all Newfield households as of early September to gain input from the public on the various topics and issues that the Comprehensive Plan will address. Copies of the survey will also be on the above website and printed copies at the Town Library and Town Hall. The committee will also be hosting public forums in early 2011 where the public can learn more about the development of the Comprehensive Plan and contribute input to the first draft of that document.

We look forward to obtaining citizen input that will be essential to the development of Newfield’s first comprehensive plan. Comments and questions for the Board can be forwarded to the Newfield Town Clerk at the Town Offices. [townclerk@centralny.twcbc.com](mailto:townclerk@centralny.twcbc.com)

Thank You!

*Newfield Town Planning Board*
