Randy Brown moved to accept the Meeting Minutes from July 11, 2018. Jacob Marnell Seconded, All in favor

Randy Brown opened a discussion about joint meetings with the Town Board, citing a few suggestions to stay on task and get resolutions to the questions currently on the table. The upcoming joint meeting will have a prepared list of questions to resolve.

Delaware River Solar (DRS) has sent a new set of revised plans and copies were dispensed, along with he SPR Application which was missing several answers to many necessary questions. The Planning Board compiled a list of differences and questions to ask DRS at the August 8, 2018 Meeting.

Karen Trask has been in contact with Upward Bound and reached out to Kevin Berggren to facilitate some volunteer hours for the community.

The new "Newfield" sign has been started on the North end of Main St. upon entering the town from Route 13.

The property at 1472 Elmira Rd is continuing work to adhere to all of the DEC requirements to operate as a gas station in New York State.

The Veterinarian Office at 2352 Elmira Road is still without a Building Permit, as Code Enforcement has not been able to reach anyone at the premises.

Randy Brown discussed that the survey for Main St has been completed and that he would like to have George Frantz and his students provide the Town with approximately 16 different views of ways to redirect the Hamlet concerning Main St, and the Bridge area corner. After getting ideas he plans to apply for grants to fund this project.

Ideas about a community outreach newsletter to be brought up and discussed at a later date.

Next Meeting: August 8, 2018 at 7:00 PM Will consist of a joint meeting with the Town Board and Delaware River Solar.

Jacob Marnell moved to Adjourn Meeting at 8:25 PM Seconded by Randy Brown All in Favor
